Presentation Topics

The Bonadio Group: Preparing for a Cyber Attack

- Building a robust compliance platform that spans your different regulatory requirements (do it once and do it right)
- The role of the risk assessment in a compliance platform
- The importance of employee/user training and how to do it right
- Most frequent missteps in approaching a compliance program

Lawley: The Role of Insurance in Your Cyber Incident Response Plan

- The crucial role of insurance in any cyber compliance program
- Right-sizing your coverage (what insurance does and doesn't pay for)
- Why you need a separate cyber rider/policy

HSE: Complexity of Cybersecurity Regulation and Law

- Primary legal concerns arising from a data breach
- Most frequent missteps in breach response
- The role of the attorney-client privilege in breach response
- Addressing third party service providers
- What's ahead on the regulatory front

Speaker Bios

Reggie Dejean, RPLU—*Specialty Insurance Director, Lawley*

Reggie joined Lawley in December 2001. Reggie is responsible for Lawley's specialty insurance department, including errors & omissions insurance, professional liability insurance, medical malpractice insurance, directors & officers insurance (D&O insurance), employment practices liability, fiduciary liability, cyber/network security (including privacy) liability and pollution coverages.

F. Paul Greene—*Partner, Harter Secrest & Emery*

Paul Greene is the chair of Harter Secrest & Emery's Privacy and Data Security practice group. Paul counsels clients concerning all aspects surrounding a breach including pre-breach preparation and risk management, and post-breach coaching, response services, notification, and governmental investigations.

Carl Cadregari, CCSFP, CISA—*Executive Vice President, The Bonadio Group*

Carl is an Executive Vice President and the Practice Lead of the Firm's IT/IS Enterprise Risk Management Team and is a trusted client advisor with more than 28 years of experience in providing Information Technology, Cybersecurity and Architecture, controls deployment, BCP/DR auditing and planning, Cybersecurity by Design, and overall controls governance.

WE LOOK FORWARD TO SEEING YOU THERE!
