

Penny is a well-versed, knowledgeable patent paralegal with more than 21 years of patent prosecution experience.

She handles a wide variety of tasks including preparing and filing of formal documents for all components of patent applications, preparing outlines for and electronically filing responses to United States Patent and Trademark Office (USPTO) office actions, drafting correspondence to corporate and individual clients and acting as client and foreign associate liaison including procurement of necessary documents from clients.

Penny also manages patent docketing and assists attorneys and patent agents in conducting post-allowance due diligence and due diligence in connection with Information Disclosure Statements.
